CUSTOM METRIC CHAINS FOR THE BULK HANDLING INDUSTRY

RECLAIMER CHAINS AND ROLLERS

TOUGHEST REQUIREMENTS - HIGHEST DURABILITY

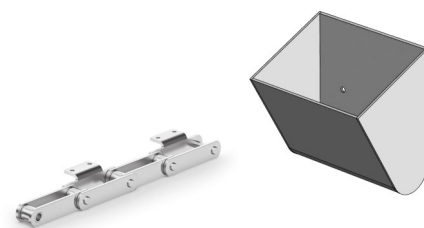

Whether you need chains with bent or welded attachment, with inner or outer roller, in lubed or maintenance-free execution, we will provide you with the optimal chain design.

BUCKET ELEVATOR CHAINS AND BUCKETS

INCREASING PRODUCTION - RAISING OUTPUT

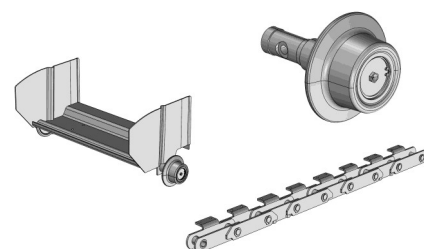

Abrasive, coarse or hot materials require the highest wear resistance in the chains. Our bucket elevators are designed with a center or double-strand chain system, and our bucket elevator chains meet the highest standards in wear resistance and fatigue strength.

PAN CONVEYORS CHAINS, ROLLERS AND PANS

COPING WELL WITH HIGH STRESS SITUATIONS

PTI quality provides a competitive advantage for high shock loads and high forces. Most of our pans have three units that are designed by our experts for your needs.

SPROCKETS AND TRACTION WHEELS

SIMPLY MAKING MORE POSSIBLE

We proudly offer a variety of sprocket types and shapes for almost all applications. Through utilizing high-end manufacturing and special materials, custom-made solutions are readily available.
